## DOS GRINGOS FLOWER CO.

Dos Gringos is a Vista, California based cultivator, arranger, and shipper of flowers, botanicals, and other plants.

Baker Electric was able to install a 1,105-panel system to help offset their energy consumption. That means greatly reduced electric bills and a greatly reduced carbon footprint for their business operation.

## **Project Specs**

Location: Vista, CA

System Size 470 kW

Number of Panels 1,105

Annual Energy Cost

Savings

null
